

# WEEK 22: THE GOLDEN RULE DISCUSSION GUIDE

1. What is your first memory of the Golden Rule? How old should someone be to start teaching this rule? How does understanding of the rule and its implication for action change as we grow up?
2. What is an example of a common situation where applying the Golden Rule is usually difficult for you?
3. What is an example you've seen of a "Good Samaritan" in action?
4. In your own words, what is the difference between the Silver Rule and the Golden Rule?
5. "The Golden Rule demands relentless action." What does relentless action look like? Why relentless action?
6. Can you give a personal example of this truth: "Responsibility breeds personal growth more than self-control"?
7. Read the first paragraph on page 149 in your *CORE 52* book. What are some areas of life that you have pulled away from and why?
8. Talk about the difference between avoidance and engagement (i.e. avoiding sin versus engaging with sinners).
9. What are some areas you feel you need to increase your engagement with and why?
10. Who are orphans and widows you can visit? Who are the marginalized in your world? What can you do for them?

## ACTION STEP

Make a plan to increase your engagement in the areas of life you feel called to be an ambassador. Hold each other in the group accountable the next time you meet.
